

Free Piercing – Guide for Models in Practical Piercing Training

1. We are offering you the opportunity to receive a free piercing from our trainee piercer.
2. This implies that you will be partaking in a 30-minute practical piercing lesson and will receive the piercing during this lesson.
3. Imperfect piercings are to be expected, but no botched piercings!!
4. You may count on the well-experienced trainer to be right next to the piercer to ensure your safety and a successful new piercing.
5. Please also be aware that a wound sterilant containing numbing agent (lidocaine) will be used during the procedure to ensure your comfort and the absolute sterility of the new piercing.
6. Absolutely no videos or photos will be allowed in the training room during your procedure.
7. You are allowed to have a friend with you for support.
8. You are allowed to book for 3 piercings maximum.
9. These 3 piercings cannot be next to each other. (No stack Piercings)
10. We want to state that we greatly appreciate your participation in our training program and want to express how much we rely on your presence. No model in an appointment slot, leaves us with 30 min loss of practical training.
11. Thus, in case you are unable to make the appointment please kindly communicate the cancellation as soon as you are aware of it.
12. In the event of you wanting a piercing in the morning, and one late in the afternoon, please know we would have loved to accommodate you for both piercings next to each other in the diary, but unfortunately, we are restricted to the strict order set for training and are unable to accommodate a combination of piercings out of the allocated time slots.
13. Please ensure you acquaint yourself with the correct aftercare instructions on the website; <https://piercingtraining.co.za/piercing-aftercare/> to ensure you have all you need to heal speedy and with confidence.
14. Always revert to your piercer immediately when you are unsure of any aspect of your new piercing or healing.
15. Send clear close-up pictures to your piercer on WhatsApp to have her/ him inspect and evaluate the piercing and be able to advise and guide you to the fastest resolution of any problem during healing.
16. Please be aware we start a new piercing with a bigger jewellery to accommodate the inflammation during the initial healing period.
17. Please return to your piercer after the time allocated, to have the jewellery changed to an "after-piercing jewellery" that would fit comfortably.
18. Please note there are no videos or photos allowed during your piercing session, as this is a training session.
19. No pregnant or breastfeeding clients are allowed.
20. For any questions please do not hesitate to contact your piercer directly on WhatsApp.
21. Thank you kindly for participating in our program.
